MOBBING OF VANDERBILT

His Experience in Italy
Is Decidedly
Serious.

FLORENCE, Feb. 24.—The incident at Pontedera yesterday, which involved the detention there of Mr. and Mrs. William K. Vanderbilt, Jr., and their chauffeur, turns out to have been much more serious than at first reported. The dispatches received yesterday evening from Pontedera simply announced that Mr. Vanderbilt was detained there owing to an automobile accident by which a boy was injured, but not seriously. It now appears that Mr. Vanderbilt and his chauffeur were mobbed; that the former drew a revolver, and that both Mr. Vanderbilt and the chauffeur were arrested and taken to the police station. Mrs. Vanderbilt was escorted to the best hotel in the place, where, according to the latest advices, she was awaiting developments.

The Vanderbilt automobile, it appears, was not going at excessive speed, but when turning a sharp street corner in Pontedera it ran down a child, a boy about 5 years old, and injured him about the head. Though the boy was not seriously hurt, his face was covered with blood. The automobile, which was stopped as soon as its occupants noticed that an accident had occurred, was soon surrounded by a crowd of excited people indignantly and threateningly berating its occupants. In the midst of the excitement the report spread that the child was dead, and the townspeople became so enraged that they attacked the chauffeur. In fact, matters reached a very critical stage and, Mr. Vanderbilt believing that the lives of the party were in danger, drew a revolver. Before he could use the weapon, however, several men jumped into the automobile, disarmed Mr. Vanderbilt and kicked and cuffed him.

By this time the police had become aware that something unusual was happening and a party of gendarmes hurried to the scene to protect the automobilists. Owing to the fury of the people, the officers took the Vanderbilt party into a neighboring shop for safety. There they were immediately besieged by the crowd, the most violent of the people urging their companions

Pure blood makes the skin
clear, smooth, healthy.

Impure blood blotches the skin with
pimples, sores, boils, eczema, eruptions.
Mr. G. W. Burnett, Keezletown, Va., tells
of the bad condition he was in, and how
he was cured by

Ayer's Sarsaparilla

"Shortly after leaving college, I was
troubled with a skin disease which showed
itself first at the ankles. Physicians pro-
nounced it eczema, and treated me for that

complaint. The eruption crept slowly up
my limbs, and on the body, until it covered
the whole frame. It gave me infinite
trouble, with constant itching, casting off
of dry scales, and a watery liquid which would
exude from under the scales. I treated it
for over three years unsuccessfully, and was
unable to check it until I began using Ayer's
Sarsaparilla. I used three bottles of this
medicine, and was completely cured—my
skin becoming as smooth and clear as
before."

There are many imitation
Sarsaparillas.
Be sure you get "AYER'S."

A WONDERFUL DISCOVERY.

This is the age of research and experiment,
when all nature, so to speak, is ransacked by
the scientific for the comfort and happiness of
man. Science has indeed made giant strides
during the past century, and among these—by no
means least important—discoveries in medicine
comes that of THERAPION.
This preparation is unquestionably one of the
most genuine and reliable Patent Medicines
ever introduced, and has, we understand, been
used in the Continental Hospitals by Ricord,
Rostan, Jobert, Velpeau, Maisonneuve, the well-
known Chassaignac, and indeed by all who are
regarded as authorities in such matters. In-
cluding the celebrated Lallemand, and Roux,
by whom it was some time since uniformly
adopted, and that it is worthy the attention of
those who require such a remedy we think there
is no doubt. From the time of Aristotle down-
wards, a potent agent in the removal of those
diseases has (like the famed philosopher's stone)
been the object of search of some hopeful,
generous mind; and far beyond the reach of
power—if such could ever have been dis-
covered—of transmuting the baser metals into gold
is surely the discovery of a remedy so potent
as to repel the falling energies in the one
case, and in the other so effectually, speedily
and safely to expel from the system the poisons
of acquired or inherited disease in all their
proven forms as to leave no faint or trace be-
hind. Such is the New French Remedy
THERAPION, which may certainly rank with
the most important discoveries of the century.
It does not take precedence of many of the dis-
coveries of our day, about which no little
ostentation and noise have been made, and has
extensive and ever-increasing demand that has
been created for this medicine wherever intro-
duced appears to prove that it is destined to
cast into oblivion all those questionable reme-
dies that were formerly the sole reliance of
medical men.—Diamond Fields Advertiser, Kim-
berley.

to take summary vengeance on the
travelers.

As a coincidence the shop in which
the Vanderbilts were taken was own-
ed by a relative of the injured boy,
which did not tend to calm the feel-
ings of the mob.

Eventually an officer of the gen-
darmes with reinforcements arrived on
the scene and after the townspeople
had calmed down somewhat succeed-
ed in rescuing the automobilists, who
were taken to the police station, fol-
lowed by a crowd of shouting people.
The leaders protested vigorously
against the alleged carelessness of the
automobilists, and said that it was
time to put a stop to such incidents,
involving loss of life, which were con-
stantly increasing in numbers.

Mr. Vanderbilt and the chauffeur
were detained at the police station un-
der arrest and Mrs. Vanderbilt, who
was shown every attention possible,
was escorted to the best hotel in Pon-
tedera.

PUTNAM BRADLEE STRONG IS JAILED AT SHANGHAI

SEATTLE (Wash.), Feb. 22.—Major
Putnam Bradlee Strong was arrested
in Shanghai, China, recently, charged
with obtaining goods from various
firms under false pretenses. The news
comes in a copy of the Shanghai Times
of January 20, which makes the an-
nouncement in this way:

"On Thursday evening the arrest
was made of a gentleman known in
Shanghai as Major Bradlee Strong, an
American. The arrest was effected by
Detective Inspector McDowell, and the
charge, it is believed, is one of obtain-
ing goods by means of false pretenses.
The case is likely to come off very
shortly at the American consular court."

Strong had been lost sight of since
his spectacular elopement with Lady
Hope, formerly May Yohe. After their
international torchlight parade from
New York to San Francisco, Hong-
kong, Hawaii, Cuba and Rio Janeiro,
touching only the high places, May
Yohe left Strong and returned to En-
gland. Later they patched up a truce
and then stepped out of the lime-
light.

WILL HANDLE ONLY HAWAIIAN PINEAPPLES

One of the passengers leaving Hon-
olulu on the Korea yesterday was W.
M. Griffen, head of the San Francisco
firm of Griffen & Skelley Co., fruit
packers and merchants. This is one of
the biggest firms in the business in
California, having trade connections
all over the United States, and the
purpose of the visit of Mr. Griffen
here was to close a deal by which
his firm will handle the entire product
of the new cannery of the Hawaiian
Islands Packing Company, whose can-
nery at Wahiawa will be ready to
operate with the coming in of the new
pineapple crop on July 1.

"We propose to do our best to push
the product on the mainland," said
Mr. Griffen yesterday. "We are in the
business of handling canned fruits, and
it will be necessary to educate our
customers up to the taste for Hawai-
ian pineapple. But the fruit is the
finest in the world, and once they
know what we have it will sell all
right. We have connections in all the
principal cities in the United States,
and we can ship the pines with our
own fruit and so get cheaper rates. It
will be necessary to find a market
much wider than that of California,
but I think that we can do that all
right."

WHOOPIING COUGH IN JAMAICA.

During the epidemic of whooping
cough which was prevalent in Jamaica,
Chamberlain's Cough Remedy was
freely used. Mr. J. Riley Bennett,
Chemist at Brown's Town, Jamaica,

says of it: "I cannot speak too high-
ly of this remedy. It has never failed
in a case where I have recommended it
and grateful mothers are daily thank-
ing me for advising them to use it."

ENSIGN WADE MARRIED.

NEW YORK, February 23.—Ensign
Charles Wade, United States Navy,
and Miss Edith Fabrigou, daughter of
a retired professor of Columbia Uni-
versity, were married in Hacketts-
town, N. J., tonight. The wedding
followed a courtship in California last
year. Ensign Wade was in charge of
the engine-room of the gunboat Ben-
nington when the explosion occurred
aboard that ship in the harbor at San
Diego in July.

Recommendations were made that
he be court-martialed, but at the time
set for the trial he became ill and the
trial was postponed. Miss Fabrigou,
who was then visiting in California,
visited him frequently in the hospi-
tal, her solicitude, it is said, doing
much toward restoring him to health.
When he regained health he was tried
and exonerated of all blame for the
Bennington disaster.
